OMAR S. — BI Developer

Cairo, Egypt | omar.s.demo@example.com | +20 122 000 0006

Date of Birth: 05/11/1999

Religion: Muslim

Marital Status: Single

EXPERIENCE

BI Developer — Nile Insurance, Cairo | Jan 2023 – Present (3 years 9 months)

- Designed star-schema data models (fact and dimension tables, slowly changing dimensions) for claims and policy data.

- Built and scheduled ETL pipelines with SSIS and Azure Data Factory into a SQL Server data warehouse.

- Developed enterprise Power BI semantic models with complex DAX measures and row-level security.

- Tuned slow reports with query optimization, aggregations and incremental refresh: cut refresh time from 50 to 12 minutes.

- Documented data lineage and KPI definitions.

EDUCATION

B.Sc. Information Systems — 2022

CERTIFICATIONS

Microsoft PL-300 (2023), Microsoft DP-203 (2024)

SKILLS

Power BI, DAX, T-SQL, stored procedures, star schema, Kimball, SSIS, Azure Data Factory, Synapse, Python, Excel, performance tuning.
